

Bournmoor Primary School Sports Funding Allocation 2022/2023 WITH IMPACT

The 2022-2023 Sport Premium funding for Bournmoor Primary School is £16,000 plus £10 per child (Year 1 to Year 6) which we use to promote healthy, active lifestyles and aim to provide sporting opportunities for all our pupils. £16,820 in total.

The money will be used for:

1. £3,000 to AE Coaching for Nursery, Reception and Year 1 to have 45 minutes per week each on skills and games (starting in the Spring term)
2. £5,275 to School Sports Partnership Enhanced Service Level Agreement to ensure high quality PE support across the year.
3. £2,000 to be spent on outside agencies i.e. sports coaches allowing children to try a fun activity which promotes healthy lifestyles. This can also be continued during playtimes and lunchtimes where children can undertake new sports together for fun. Examples of this would include the Healthy Eating cookery sessions for both KS1 and KS2.
5. £1,500 to be spent on buses and coaches to transport to and from class/school sporting events throughout Durham and the surrounding area.
6. £2,000 to be spent on external coaches to deliver after-school PE sessions for children in Reception to Year 6.
7. £3,045 to be spent on updating and replacing PE equipment for use in lessons and at lunch/break times. This expenditure will be led by the children, working with our KS2 sport leader to decide what equipment is required for both class PE lessons and break time.

Rationale	Expenditure	Impact	Cost
<p>To provide high quality coaching skills to N and Y1 to develop their co-ordination, balance and strength</p>	<p>AE Coaching Monday morning</p> <p>1 hour for N/R mixed class 1 hour for Y1/2 mixed age class</p>	<p>Pupils are encouraged to become sports leaders through SSP training for our Schools Sports Organising Crew (SSOC). They can use these skills in particular in Fit for Life week via intra-competitions that will also be organised through the Durham SSP.</p> <p>AE coaches develop the fundamental movement skills of our N/R and KS1. This coaching also provides an opportunity to develop the skills of staff as a form of CPD. AE coaching also looks to develop the children's understanding of specific games, for example, Year 1/2 worked on a 6 week block based on Hockey – developing an understanding of the game alongside generic team work skills, stick handling, ball control and technique.</p>	<p>£3,000 for the academic year</p>
<p>School Sports Partnership Silver Service agreement to be used to ensure high quality PE support across the year</p>	<p>Buy into the Durham School Sports Partnership</p>	<p>100% of N, R and Y1 pupils have access to high quality coaching. Gross motor skills developed in these sessions. All pupils given opportunities to work individually and in small teams to build strength and stamina.</p> <p>AE coaching provided a number of sessions and this provided children from R to Y6 with a wide range of sports sessions with professionally training coaches. For example, AE coaching can deliver tailored gymnastics and dance sessions (teachers also can up-skill from these sessions).</p> <p>AE coaching continues to develop gross motor skills throughout N/R and Y1/2. 100% of children have had access to this delivery throughout the school year and benefitted in terms of confidence, team work and general increased awareness of the benefits of exercise.</p> <p>Pupils had the opportunity to experience a range of new sports including Quidditch and Archery. These were delivered in school, allowing all pupils to access and further engage.</p> <p>100% of children from R to Y6 experienced competitive sport delivered at a range of different venues across County Durham, from Maiden Castle to local schools.</p>	<p>£5,275 for the full range of services provided across the academic year 2022-23</p>

		Additional funding has been allocated this year to improve the breadth of PE experiences on offer, for example, the SSP delivered Balance bike sessions, scooter workshops and a colour run – all of which will come under the SLA and require no additional monetary cost.	
To provide outside agencies to allow all pupils to access a fun, healthy sport	Purchase provision across the whole school for Nursery to Year 6	100% of children from Nursery to Year 6 are able to take part in team and individual events in which they will have the opportunity to develop skills and understanding of sport and healthy living. The aim is to develop children's love of sports by accessing a range of activities,	£2,000 for the academic year
To provide professional transport to and from sporting events throughout the year (majority of this will be utilised within the Summer term)	Coach and bus transport to and from events to provide all children with access to high quality, competitive sport across a range of different disciplines	<p>The school funds travel to and from sporting events to enable access for all children to all sporting events.</p> <p>This funding also extends to covering the additional cost of the coach for our annual residential to Robinwood in Cumbria.</p> <p>100% of children had the opportunity to experience competitive sports events outside of school. They can also look to the residential at Robinwood, providing access to outward bound activities for our Y5/6 children. Focus of the trip includes resilience, determination and team work.</p>	£1,500 across the school year.
Professional coaching or after-school clubs	Provide weekly sessions after-school for external coaches to work with children on a range of sports such as Dodgeball and Gymnastics.	<p>Plans in place to deliver after-school clubs. These are open to all pupils and adaptations can be made to ensure inclusion.</p> <p>AE coaching and other external coaches deliver these sessions which look to consistently provide both a KS1 and KS2 club each week for the academic year. Clubs vary dependant on the time of year, resources available and coaching expertise on offer. Clubs include dance, gymnastics and multi-sports and we seek pupil voice when looking at clubs.</p> <p>AE coaching delivered sessions across all key stages and also provided multi-sports coaching sessions prior to school. This provided parents with the opportunity to decide whether their children would benefit from increased activity outside of the curriculum specified amount.</p> <p>AE coaching has also provided a lunchtime club that offers a range of sports across the school year, utilising the school yard and field (where</p>	£2,000

		possible). This provision is available for all pupils from R to Y6 and continues to develop the role of playground leaders/sports leaders in UKS2.	
Replace equipment to ensure teachers, apprentice and dinner staff have the correct, suitable equipment to deliver active sessions	Utilise the carry-over from previous year to replace old equipment, as well as purchase school bibs for external events	<p>New equipment allows teachers and staff to maintain the high level of PE delivery across the school, building on the success of the previous year. Recommendations have been taken from external coaches to increase the breadth of equipment on offer.</p> <p>Throughout the year we continue our focus on our EYFS outdoor area, with the addition of new equipment to further enhance the provision. This includes, but not limited to role play equipment, mud kitchen items and gross/fine motor skill activities. PE lead and EYFS lead created a plan to future proof the EYFS outdoor space to utilise the carry over amount from the previous academic year.</p> <p>Following the appointment of our EYFS teacher in January 23, a catalogue of resources was made and new additions purchased to more closely match the requirements of our Nursery and Reception children.</p> <p>Additional sensory equipment has been purchased to more closely match the individual needs of children in our EYFS provision. This has allowed tailored SEN support plans to be created to specifically meet the needs of children as they begin school.</p> <p>We continue to develop the outdoor areas for all. New sports equipment has been purchased to develop the role of leaders on the school yard. Y5/6 pupils are now taking the responsibility of leading events at lunchtime. This is further developed through the provision of a sports coach that can enhance pupils skills in terms of leadership, organisation and understanding of games/rules etc.</p>	£3,045

Other ways in which we promote healthy lifestyles at Bournmoor Primary School:

Rationale	Expenditure	Impact	Cost
To utilise teachers' skills developed through Sports Premium Funding training in the previous school year.	Staff time used to enhance PE delivered in school through extra-curricular activities or curricular time	Football coaching provided by one of our teachers to ensure that pupils have the opportunity to develop their abilities. Teaching skills were developed in the Durham PE courses.	No cost
Links beyond school are developed which allow sustainable healthy lifestyle choices	More Able pupils who leave Year 6 are able to further develop skills taught in Primary	100% of children from Nursery to Year 6 will be able to take part in team and individual events in which they will have the opportunity to develop skills and understanding of sport and healthy living.	No cost
Links beyond school are developed which allow accessible competitive sporting opportunities	Links with Bournmoor Cricket Club	Children will be given the opportunity to develop their cricket skills in the correct environment and with the correct equipment. Bournmoor CC are in the process of arranging local tournaments, of which we will be involved in the new academic year – building on skills developed in 2022-23.	No cost
To increase the range and scope of club links	Work closely with local football and Netball teams (Washington AFC and Vixens Netball) to develop a pathway for competitive sport to be continued as Year 6 children look to move on to Secondary education	The school's PE coordinator will work closely with local clubs to develop the links we provide for children from R to Year 6. Building on previous successes in both netball and football, we will look to further develop these club links to strengthen the drive and ambition held by children in KS2.	No cost

Key Guidance and Allocation Notes

What is Sport Premium?

Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6

In most cases, we (DfE) determine how many pupils in school attract the funding using data from the January 2021 school census.

Schools with 16 or fewer eligible pupils receive £1,000 per pupil.

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

Maintained schools, including PRUs and general hospitals, do not receive funding directly from DfE.

They give local authorities PE and sport premium funding for maintained schools in 2 separate payments. Local authorities receive:

7/12 of your funding allocation on October 2022

5/12 of your funding allocation on April 2023

How to use the PE and sport premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport you offer.

This means that you should use the premium to:

- Develop or add to the PE and sport activities that your school already offers
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- There are 5 key indicators that schools should expect to see improvement across:
 - The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
 - The profile of PE and sport is raised across the school as a tool for whole-school improvement
 - Increased confidence, knowledge and skills of all staff in teaching PE and sport
 - Broader experience of a range of sports and activities offered to all pupils
 - Increased participation in competitive sport

For example, you can use your funding to:

- Provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- Hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- Introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- Support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- Enter or run more sport competitions
- Partner with other schools to run sports activities and clubs
- Increase pupils' participation in the School Games
- Encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- Provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- Embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching

You should not use your funding to:

- Employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of your core staffing budgets
- Teach the minimum requirements of the national curriculum - including those specified for swimming (or, in the case of academies and free schools, to teach your existing PE curriculum)
- Fund capital expenditure
