### **3. Arrangements**

The school has agreed the following arrangements to ensure the safety and security of staff, pupils and other persons using the school premises:

#### **Information and Communication**

All staff must be aware of the school's security procedures, especially staff that have been given a specific role to play. All staff induction will include the school's security policy and will be recorded on the employees training profiles. Records of which are kept in the school's Risk Register. These arrangements will be communicated to all third parties that use the premises and grounds. All will be expected to comply with the school's security arrangements as a condition of sharing use of the building. Parents will be informed about the school security arrangements and any part they are expected to play for example when visiting the school or at handover times.

#### **Controlled access and egress during the school day**

Controlled access is a combination of measures to ensure that unauthorised visitors do not present an unacceptable risk to pupils or staff. The extent of physical controls, such as fences, has been decided by a robust risk assessment of the likelihood of visitors presenting a risk and the reasonableness of the control measures needed to reduce this risk. Bournmoor Primary school has, through risk assessment, balanced the need to remain a welcoming environment to the community and safeguarding pupils.

#### **Buildings**

The school will take all reasonable efforts to restrict access to the building to prevent unauthorised access to children and ensure the personal safety of staff.

The access control procedures for the building are –

- The main building has a porch access entrance to visitors and parents via reception desk. Only authorised visitors allowed access via ringing bell on wall outside.
- All doors except main entrance cannot be opened from the outside.

#### **Grounds**

The following parts of the school have been secured by means of physical restrictions, such as fencing.

- Rear playground mixture of hawthorn hedge and 6ft fence
- Main field has 6ft fence preventing visitors accessing the area
- The 6ft fence prevents children accessing the car park

The access arrangements for the grounds are –

- School field – access to school field for PE – always under control of staff and within school fence. Staff would professionally challenge any person not wearing a school visitor badge.

Lunchtime -

- children use school field that has a metal fence preventing access from the authorised entrance. Pupils are always under control of staff and staff would professionally challenge any person not wearing a school visitor badge.

Playground –

- is secured by hawthorn hedge and 6ft fence on 3 sides. This area is only used under staff supervision at break and lunch and staff will challenge visitors.

#### **Early Years Outside Areas**

As pupils require access to the outside areas at all times the governors have ensured that a secure outside area has been provided that has a suitable perimeter fence which is 6ft high. This has fixings that prevent an Early Years pupil opening the gate to exit this area without adult supervision.

Where this area is adjacent to where members of the public have unsupervised access consideration has been given to improved fencing where required. The extent of fences will be decided by risk assessment.

#### **Control of Visitors**

The control of visitors is a fundamental part of our school's security policy for the safeguarding of both people and property. Our policy is that –

- All visitors report to the reception desk on arrival.
- All visitors are issued with a badge to be worn at all times. This includes parents, helpers, contractors, LA staff and any other person that is not school staff.
- Any person on site without a badge will be asked to accompany a member of staff to the reception area or asked to leave the site.
- Any refusal will be reported immediately to the Head Teacher. Any aggression will be reported to the police.
- Visitors will not remove any items of school property without the express permission of school staff.
- For their own safety any authorised visitors will be given appropriate information on the school's health & safety procedures such as parking, fire safety and first aid.

### **Supervision of pupils**

The school's overall safeguarding strategy requires that at times the security of pupils is achieved by competent supervision by authorised school staff.

### **Locations where supervision is part of our safeguarding procedures –**

- Playground - is secured by hawthorn hedge and 6ft fence. This area is only used under staff supervision at break and lunch and staff will challenge visitors.

### **Times of the day when supervision is part of our safeguarding procedures –**

- Start of school day – as all the gates are open to allow access the playground is supervised 8.50am to 9.00am. Parents have been informed of these arrangements and that supervision does not start till 8.50am.
- Lunchtime –supervisory assistants ensure younger pupils move around school within an access-controlled area safely.

Our security arrangements also include the handover arrangements for the start and end of the school day:

### **Co-operation with third parties, extended services and community groups**

Our school security arrangements have taken in to account any other third parties that use the school building or grounds. In most circumstances the arrangements for the school in general will be equally applicable for the third parties involved. Below are the additional security measures that apply to the groups listed.

**Kitchen** - Access via separate entrance including for Chartwell's staff. Unlocked by caretaker at 8am closed at approximately 2pm. Access into locked school by unit manager when kitchen not in use via electronic roller shutter and the caretaker will lock and unlock on request.

### **Supervision of contractors**

Contractors and maintenance personnel will not always have been DBS checked as they should not have unsupervised access to children. They will therefore be controlled as follows –

- All will be given school badges and be expected to wear them.
- They will only park where authorised to do so.
- Will only carry out work agreed at the start of the contract and at the times agreed.
- Will be supervised at all times by school staff. This does not mean watched continuously but in a way proportionate to their location and proximity to unsupervised children.

### **Lone Workers**

Our school has Lone Working Risk Assessments for staff where there is a security risk due to the need to work alone.

### **Physical security measures**

The governing body has considered the need to use physical measures such as fencing to ensure the safety of staff and pupils. The governors will review the provision of physical security measures on a regular basis in the form of a security risk assessment.

The risk assessment will take in to account –

- The location and layout of the school
- Past incidents related to security
- The performance of other security measures already in place or that could be implemented.
- The cost of physical security improvements and the availability of funding.
- Where justified by consideration of the risk governors will ensure that physical security measures are installed. Where physical controls are not justified the governing body will ensure that other controls are implemented by the school to ensure the safety of staff and pupils.
- Where electronic controls are installed, for example alarm systems, they will be maintained as recommended by the manufacturer.

### **Locking arrangements.**

At different times of the day the school security arrangements require the locking of various entrances and exits as detailed below.

- Main gate – Unlocked by the caretaker at 7.00am and locked again at end of school day. They remain locked all night and at weekend.
- Side pedestrian gate –unlocked by the caretaker 8.45am

- Junior Porch door, which is usable from yard, remains open throughout playtime to enable free access to toilets and water fountain.
- Infant and Junior porch doors – closed by staff at 9:00am

### **Cash Handling**

- Schools should avoid keeping cash on the premises wherever possible. Safes should be used and kept locked.
- We are a 'cashless school' and parents use the Parent Pay system to pay on-line. Office staff are available to support parents to access this system.
- Staff to avoid handling cash in visible areas, any money requiring banking is done using our cash handling contractors, LOOMIS.

### **Valuable equipment**

- All items above the value of £100 will be recorded in the school stock book.

- Items of valuable portable equipment with a value above £250 will not be left unattended in rooms where there is public access. In such locations the room will be locked when it is vacated.
- Wherever possible valuable items will also not be left where visible from outside.
- The security risk assessment will take in to account the location and security arrangements for high value equipment, for example ICT equipment.

### **Personal Property**

Personal property will remain the responsibility of its owner. This includes both staff and pupil personal property. Both are discouraged from bringing to school any valuable personal property.

Lost property should be handed to the school office where it will be kept for 6 months before disposal.

### **Medicines**

There are occasions when pupils may be prescribed treatment where medicines are needed during school time. Parents will provide such medicines in suitable and labelled containers. These containers will be locked in the school's medicine cabinet in staff room or kept in the fridge. The key is available from Mrs Measor or Admin staff if required. Arrangements for the administration of medicines are detailed in the medication in school policy.

### **Risk Assessment**

A security risk assessment will be completed annually by the Head Teacher. The findings will be used in the review of this security policy. The risk assessment will use the format in the CYPs School Health & Safety Policy & Procedures Manual.
